Letter from the President

Dear Student,

Choosing the right college will influence the most important decisions you will ever make in life. Most likely it will play a part in your life's occupation and your choice of a spouse, and may decide the area of the world where you will someday call home. It may very well influence your spiritual choices in the days ahead. At Kansas City College & Bible School, our intention is to help you develop a worldview that is filtered through the prism of scriptural principles and prepare you for a life of service to those around you.

We hope this KCCBS catalog will help you decide to enroll at Kansas City College and Bible School. Here you will find information about degree programs, class descriptions and what it costs to attend KCCBS.

But while a catalog can describe the basics, it cannot tell the whole story of how KCCBS can help you fulfill your educational dreams as God leads you. I believe that every person was designed by a loving God and created for a purpose. He has placed in us different interests, abilities and personalities and no two people are alike. That's what makes life such an adventure.

Our dedicated Christian teachers at KCCBS have an intense desire for you to fulfill God's will in your life. That's why they are willing to pour their lives, their professional training, and their time into helping you develop into the man or woman God wants you to be. At KCCBS you get more than a basic education. You get a spiritual environment in which to make your lifelong decisions and you share friends who want God's best for you life.

Whether you are starting your search for God's plan in your life or you already have your career path locked in, we want to be a part of meaningful preparation for your life.

We are eager to begin our partnership with you and praying that you will find God's will in your life.

Statement of Faith

Section 1. GOD - We believe there is one God, who is infinite, sovereign, eternal, and the creator of everything. He is holy in His attributes and His nature. He is triune in His essential being and is biblically revealed as Father, Son, and Holy Spirit. (Ps. 90:2; Matt. 3:16, 17)

Section 2. JESUS CHRIST - We believe Jesus Christ is very God and very man. He was conceived by the Holy Spirit and born of the Virgin Mary. He died upon the cross, the Just for the unjust as a substitutionary sacrifice, and all who believe in Him are justified on the ground of His shed blood. (John 1:1, 14, 18; Phil. 2:5-8)

Section 3. HOLY SPIRIT - We believe the Holy Spirit is a divine person sent to indwell, guide, teach, and empower the believer, and to convince the world of sin, of righteousness, and judgment. (John 16:7-15; Acts 1:8)

Section 4. THE BIBLE - We believe the Old and New Testaments are the inerrant, infallible, inspired Word of God as originally given. They were written by men who were guided by the Spirit, and as such they stand as the only authority on God's plan for the salvation of mankind. The Bible is the only rule of faith and practice for Christians. (2 Tim. 3:16-17)

Section 5. MAN - We believe man was originally created in the image and likeness of God; he fell through disobedience, thereby incurring both physical and spiritual death. All men are born with a sinful nature, are separated from God, and can be saved only through the atoning work of the Lord Jesus Christ. The portion of the impenitent and unbelieving is existence forever in conscious torment; that of the believer is everlasting joy and bliss. (Gen. 1:26-27; Rom. 3:10-18, 23; Rom 6:23 Ps. 53:1; Rom. 8:7)

Section 6. SALVATION - We believe salvation has been provided through Jesus Christ for all men. Those who repent and believe in Him are

born again of the Holy Spirit, receive the gift of eternal life, and become the children of God. (Eph. 2:8-9; Rom. 5:1)

Section 7. ENTIRE SANCTIFICATION - We believe it is the will of God that each believer should be entirely sanctified whereby at a time subsequent to their new birth in Jesus Christ they are cleansed of the nature of sin and filled with the Holy Spirit. By this experience of God's grace they are then empowered for continued growth, holy living, fruitful witness and effective service in their relationship with Christ. This is both a crisis and a progressive experience. (1 Thess. 5:23-24; Rom. 6:6; Rom. 12:1, 2)

Section 8. DIVINE HEALING - We believe in divine healing. Prayer for the sick and anointing with oil are taught in the Scriptures, and are privileges for the Church in this present age. (James 5:14,15)

Section 9. THE CHURCH - We believe the Church consists of all those who believe in the Lord Jesus Christ. Through the merits of His blood, they are born into the family of God and remain in it so long as they are walking in the light. The Lord Jesus Christ is the Head of the Church, which is His body. Our chief purpose is to worship and serve Him. Christ has commissioned the Church to proclaim the Gospel to all the world. In addition, the local church is a body of believers who join together for edification through the inspired Word, for prayer and fellowship, and the observance of the ordinances of baptism and the Lord's Supper. (Eph. 1:22-23; 5:23-30)

Section 10. RESURRECTION - We believe that those who die in Christ are immediately present with Him, while those who die in sin suffer the torments of hell awaiting the final judgment. We believe there shall be a bodily resurrection of the just and of the unjust: for the former a resurrection unto life and for the latter a resurrection unto final judgment. (Luke 16:19-26; 1 Thess. 4:15-17; Rev 20:12-15)

Section 11. ESCHATOLOGY - We believe the second coming of the Lord Jesus Christ is a vital doctrine of the Bible and is the vibrant hope of the church. This coming will be a visible, personal return for the Church. Since there is no method of predicting when He will return, the incentive for active holy living is magnified. (Acts 1:11; 1 Thess 4:15- 17)

History of KCCBS

Kansas City College and Bible School had its beginning in the Church of God (Holiness) at 29th and Askew in Kansas City, Missouri. There had been a growing concern that the young men and women of the Churches of God (Holiness), who were called to ministry, should have a proper place to prepare. The church building and some rented facilities nearby provided the campus from 1938 to 1941 for what was originally named the Kansas City Bible College.

In the summer of 1941, the school, realizing that it needed to expand, moved to its present location at 74th and Metcalf in Overland Park, a residential community in the southern part of the greater Kansas City area. The campus of about twenty acres provided a spacious setting for the school. Since that time, several tracts of land have been allocated for other purposes; for example, one for the College Church and the other for the Herald and Banner Press, leaving about eleven acres in our present campus.

The original campus had six buildings, including a fifty-six-room dormitory, an administration building, a kitchen/dining room, and three dwellings. In 1947 a chapel and classroom building was erected. In 1957 a classroom building was built to house the high school.

A major building program was launched in 1965 with the erection of a 46-room dormitory with kitchen and dining room facilities on the lower level, a two-story classroom building with almost 20,000 square feet of floor space, and a multipurpose auditorium used for camp meetings and other general assemblies. Physical education facilities and office space are also provided. With the completion of these buildings, the old administration building and the kitchen and dining hall were razed.

One cannot view the present campus and facilities of Kansas City College and Bible School without knowing that through the dedicated labors and consecrated money of many, God has wrought a miracle. Kansas City College and Bible School remains dedicated to the training of men and women for holy life and service, making an impact on our world today.

Completion/Placement Rates

In compliance with the Student Right-to-Know Act, the college has determined that the completion rate for full-time, first-time students entering in the fall of 2005 was 25%. The employment placement rate for the 2008 graduating class is 80%. Further information is available upon request.

A student who discontinues attendance at KCCBS for one or more semesters must apply for re-admission. Application forms are printed in the back of this catalog or are available in the registrar's office.

International Students

Kansas City College and Bible School welcomes international students who seek to be trained and equipped for effective Christian service. Please note the following requirements:

1. The prospective college student must have completed twelve years of primary and secondary school prior to admission.

2. The process for securing a student visa can be complicated and time-consuming. Prospective students should plan to have their applications in to KCCBS several months in advance. We recommend that international students begin classes at the beginning of the academic year in August.

3. KCCBS policy requires that married foreign students must be accompanied by their spouses in order to be accepted as students.

More details are available on the website.

Procedure for Admission as an International Student

The prospective international student will receive a student packet containing the catalog, an application, and personal reference forms.

1. The application must be completed and returned to KCCBS with a \$100.00 non-refundable fee.

2. The personal reference forms must be completed by each of the following:

- ♦ the student's pastor
- ♦ a teacher or school administrator who knows the student well
- ♦ an adult friend or acquaintance.

Please do not give reference forms to relatives.

If the student's pastor is a relative, that form should be given to a church leader.

3. Official transcripts must be sent to KCCBS from the high school of graduation and from any college(s) attended.

4. After the student has been accepted by the KCCBS admissions committee, a required Affidavit of Support form will be sent to the prospective student. The student or a sponsor must complete the form, which validates sufficient financial resources for the student's expenses. (The approximate costs for each year of college, which includes room, meals, tuition, books, and fees is \$10,000.) This amount is due upon enrollment.

5. Upon the college's approval of the Affidavit of Support form, an I-20 is issued to the student.

6. The student must apply for a student visa from the nearest United States Embassy. At that time, the embassy will advise the student concerning all the requisites and regulations.

Student Life Info

Student Life Activities

Kansas City College and Bible School believes that student life activities are an important part of a student's education. Some of these activities provide the student an opportunity to channel skills and learning into practical experience. Other activities are for enjoyment and relaxation and give students the opportunity to fellowship with classmates. It is intended that all of these activities be Christ-honoring and have a part in developing the spiritual lives of our students. The following are some of the activities which are provided outside of the classroom.

Religious Life

There are several local Churches of God (Holiness) in the area which provide regular and special services. All dormitory students are encouraged to attend one of these. However, we recognize that students come to KCCBS from various denominations and may wish to continue their affiliations. We wholeheartedly encourage this.

Regular attendance at Sunday School and church services is required. There are many opportunities for our students to participate in the ministry of the local churches.

Chapel services are held twice a week. These are general chapels, under the supervision of the chapel committee and directed by the college president. The chapel service consists of congregational, group, or individual singing, Bible readings, prayer, and a devotional.

All students who live on campus, or who are enrolled in at least five (5) credit hours per semester, or who have a class immediately before or after chapel are required to attend chapel.

Campus Organizations

Students are encouraged to participate in extracurricular and cocurricular activities. A number of organizations on campus provide opportunities for such involvement.

The **Student Council** represents the interests of the student body and, under the direction of a sponsor, gives leadership and assistance in the planning of student activities. Each school year, council officers and a representative from each class are elected to this organization by the student body.

Student body class organizations—freshman, sophomore, junior, and senior—meet occasionally for the purpose of planning class events and fund-raising activities. Class officers are elected annually at the beginning of the school year.

Housing and Food Services

One vital source of personal development is community living and group involvement. Many students live in the dormitory and take their meals in the cafeteria. However, if a student feels that other arrangements need to be made, he or she may submit a written petition to the Student Development Committee requesting permission to live off campus. Permission may be granted by the Student Development Committee for various reasons, such as the following:

- When an employer requires that the student live at the place of employment.
- When the student has relatives in the local area who will provide housing
- When the student has health problems which necessitate off-campus housing.

The Student Development Committee will take into consideration the following factors when making its decision:

- Spiritual condition of the student
- Personal/social status of the student (chapel attendance, discipline record, etc.)

- Financial responsibility of the student
- Age of the student

If the student is younger than twenty-one, a notarized letter from the parents/guardians must be submitted to the Student Development Committee before permission will be granted. Submission of such a letter does not ensure that permission will be granted. Students under twenty-one must reapply at the beginning of each semester for off-campus housing. They may be granted a ten-day grace period to get the parental letter of permission.

At the beginning of each semester, **new** students who qualify for exceptions but do not have a letter of permission from their parents will be granted a ten-day grace period during which they will be expected to obtain the needed document.

If the student is not satisfied with the decision of the Student Development Committee, a written appeal may be made to the Administrative Committee.

Students should check with the residence deans for room assignments. Requests for rooms and roommates are honored when possible. Unless requested otherwise, and as space permits, students will automatically be assigned private rooms.

Each dormitory student is required to furnish his own pillow, bed linens, blankets, towels, etc. Beds, dressers, desks and chairs, closets, and curtains or blinds are furnished by the college. Students are expected to maintain their rooms in satisfactory condition.

The college is not responsible for loss or damage of personal property due to fire, storms, floods, or thefts.

The college reserves the right to inspect all residential areas and take all necessary steps to ensure that the facilities are being appropriately maintained.

Health Services

A licensed nurse is on call twenty-four hours

a day, seven days a week. The nurse is also prepared to make referrals to a selected list of medical doctors.

The Student Accident and Health Fee covers the cost of providing a secondary accident insurance policy. Student accident insurance will pay for most reasonable and customary charges for care required for injuries incurred in an accident. Included are medical and surgical treatment, hospital confinement, drugs and medicines, ambulance expense, and dental treatment for sound natural teeth up to the amounts specified by the policy. This may change periodically. Students may review the policy in the business office. This is a secondary policy and may pay for services not covered by other policies covering the student.

Vehicles

The operation of vehicles on campus by KCCBS students is not a right, but a privilege granted by the college. The privilege may be rescinded at any time if the student abuses it or becomes a problem to campus personnel or to the local police.

All vehicles must be registered with the business office. Students who bring their vehicles to college must produce proof of liability insurance. The college also strongly recommends that the student carry collision insurance.

Behavior Guidelines

Philosophy of Discipline — A Biblical Approach

We attempt at KCCBS to understand and interpret all that we do from a Christian perspective. The conviction that God has created man and the world is fundamental to our Christian philosophy of life.

Individuals, organizations, and communities accordingly develop rules as a guide toward their goals. Rules also help to put into practice our basic moral and social principles. The necessity for rules, evident in everyday life, is rooted in the nature of man and society as creations of God. We adopt specific rules on the basis of our theological position and basic moral principles as well as social and cultural influences.

Beyond the general revelation about man and society, the genuine Christian regards the Bible as the specially revealed Word of God and as his final rule of faith and practice.

The Bible identifies some things as right and some as wrong (Ex. 20:1-17; Ps. 19; Matt. 5:17-20; Rom. 7:7-8:4; II Tim. 3:16, 17). Some of our rules have to do with unchanging moral laws.

The Bible also informs us that it is wrong to disobey government, except in the most unusual circumstances when civil obedience would conflict with obedience to God. Civil law is therefore binding on the Christian today, as it was in biblical times (Rom. 13:7; I Peter 2:11-17). Some of our rules have to do with civil law.

The Bible instructs that it is wrong to do what is inexpedient or imprudent because of the damaging consequences, even though the action is not wrong in itself. Christian liberty must act wisely in these matters, going the second mile in love (Acts 15:1-31; Rom. 14; I Cor. 8-10). Some of our rules reflect judgments of prudence based on a consideration of the consequences

to the individual or the college rather than the right or wrong of a practice. We must keep in mind that prudence involves concern for our influence on the college itself, the conservative holiness constituency we serve, the educational community, and the larger society of which we are a part.

Rules, then, are to be viewed not as legalistic impositions that degrade the person, nor as a means to self-justification, but rather as an attempt to do what is right, to act out of love, to consider the effect of what we do on ourselves and other persons, to pursue our goals in an orderly fashion, and so to glorify God in all that we do. For the Christian, God's grace through the indwelling Holy Spirit enlivens and motivates this kind of life (I Cor. 6:15-20; Rom. 8:2-5).

Standards of Conduct

Students, by virtue of their enrollment, become citizens of the school community and agree to live within the stated standards of conduct of the school. While some may not have personal convictions in accordance with these standards, agreeing to observe them obligates the student to assume responsibility for honorable adherence to them while under the jurisdiction of the school. Students enrolling at the college should exercise the courteous consideration and the self-discipline necessary to achieve the aims and objectives of the school.

In keeping with the philosophy of the school and the church community it serves, the following standards are expected of all students:

1. Christian principles of morality should govern every personal and social relationship.
2. The use of alcoholic beverages, tobacco, illegal drugs, profane language, and obscene literature, gambling, and social dancing is not permitted.
3. The administration reserves the right to prohibit the attendance at any social gathering or entertainment establishment that is deemed detrimental to the development of Christian character.

4. The abuse of the property of the school or that of other people is not tolerated.

5. Disorderly assembly or disruptive activity of students is prohibited.

No code of conduct, no matter how lengthy, could list all the situations in which choices and decisions must be made. What has been attempted here is to give students a generalized overview of what will be expected of them. More details are given in the *Student Handbook* and the *Dormitory Guidelines Handbook*.

Suspension

Any student who persists in violating the standards and regulations of campus conduct, as formulated by the governing body, or who persistently fails to manifest the accepted qualities of ladies and gentlemen, will be subject to suspension from this school. The *Student Handbook* details the procedural steps involved in suspension.

Grievance and Due Process

The student is afforded a grievance policy which outlines the steps to be taken to address a concern the student may have. The college has also set forth the manner in which due process will be effected. See the *Student Handbook* for the particulars on both of these concerns. Copies are available from the dean of students.

Educational Rights

The college adheres to the Family Education Rights and Privacy Act of 1974 (Buckley Amendment) which guarantees students the right to know what information the college maintains about themselves and the right to ensure the accuracy of that information. Students also have the right to know who has access to files of information and for what purpose. In most cases, students may instruct the college concerning the distribution of their personal information outside the college.

Notice of Nondiscriminatory Policy as to Students:

Kansas City College and Bible School admits students of any race, color, gender, or national or ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school. It does not discriminate on the basis of age, race, color, gender, disability, or national or ethnic origin in administration of its educational policies, admissions policies, scholarship programs, and athletic and other school-administered programs. Although Kansas City College and Bible School is affiliated with the Churches of God (Holiness), it is nondenominational and will accept students of various religious persuasions as long as they are willing to abide by the principles and policies of the school.

Financial Assistance

To be eligible for financial assistance at KCCBS, the student must meet any threshold requirements and must maintain “satisfactory academic progress” (see p. 28 - 29 for further information).

Vocational Rehabilitation Grants are offered through many states to residents who have a disability that is a handicap to employment. Further information may be obtained by contacting the Division of Vocational Rehabilitation at the State Department of Education in the student’s home capital.

The **Bureau of Indian Affairs** offers grants to American Indian students. This is handled on a tribe-by-tribe basis. The prospective student is encouraged to check with the

Eligibility requirements often include requirements such as demonstrated financial need and satisfactory academic progress. Additional information and the application materials are available through the area agency office holding records of the student’s tribal membership.

Notice of Nondiscriminatory Policy as to Students:

Kansas City College and Bible School admits students of any race, color, gender, or national or ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school. It does not discriminate on the basis of age, race, color, gender, disability, or national or ethnic origin in administration of its educational policies, admissions policies, scholarship programs, and athletic and other school-administered programs. Although Kansas City College and Bible School is affiliated with the Churches of God (Holiness), it is nondenominational and will accept students of various religious persuasions as long as they are willing to abide by the principles and policies of the school.

Academic Info

Catalog of Reference

Students will graduate under the requirements of the catalog in effect when they begin their program. If the student withdraws from KCCBS and later re-enrolls after more than one semester of academic inactivity, he will graduate under the catalog in effect at the time of his re-enrollment, or a newer catalog placed in effect while he is registered as a student.

Student Responsibilities

The administration and faculty of KCCBS attempt to outline clearly and advise consistently concerning requirements for graduation and the student's progress in meeting these requirements. Part of the student's personal development, however, is the recognition and acceptance of responsibilities in meeting all graduation requirements. The student is expected to take initiative to follow through in the completion of all requirements and details of the academic program.

Classification of Students

Each student's academic classification is determined at the beginning of the fall semester, and will remain at that level throughout that school year. One is considered a full-time student when enrolled for twelve or more hours per semester.

The following classifications are used for both full-time and part-time students:

- Freshman..... 0 - 29 hours
- Sophomore 30 - 59 hours
- Junior..... 60 - 89 hours
- Senior at least 90 hours

Student Class Load/Overload

Sixteen college hours for each semester constitutes a normal student load. To enroll for more than sixteen hours, a student must secure the written approval of his program coordinator. To enroll for more than eighteen hours, the student must secure the written approval of the academic dean. Should a student later show his inability to successfully carry his excess hours, this permission may be revoked.

A maximum class load of twelve hours is recommended for students who are employed twenty-five or more hours per week.

Grading System

The academic work of the student is graded in accordance with the system listed below:

A... Exceptional.....	90 - 100
B... Above Average ..	80 - 89
C... Average.....	70 - 79
D... Below Average ..	60 - 69
F ... Failing	Below 60
W	Withdrawal
I	Incomplete
CR	Credit
NC.....	No Credit
AU.....	Successful Audit
UA.....	Unsuccessful Audit

A grade of "F" indicates failure and necessitates a satisfactory repetition of the course before credit can be allowed. A grade of "W" is recorded when a student has withdrawn after the second meeting of any class and before the beginning of the tenth week.

A grade of "I" indicates incomplete work and is to be given only when extenuating circumstances prevent the student from completing the course work during the semester. It is the student's responsibility to arrange with the instructor for the completion of the course. Re-enrollment in the course would not normally be required for successful completion. Course work needed to

remove the “I” grade is expected to be completed not more than thirty days following the end of the semester. All “I” grades will be changed to “F” on the student’s transcript if the instructor has not initiated a grade change within thirty days following the end of the grading period for which the “I” was given.

A grade of “CR” is given if the student successfully completes a class for which no letter grade is given. If the student fails to successfully complete such a class, a grade of “NC” is given.

A grade of “AU” is given if the student successfully audits a class (attends at least two-thirds of the sessions). If the student fails to successfully audit a class, a grade of “UA” is given.

Auditing Classes

A student auditing a class does not receive an academic letter grade and may, but is not required to, fulfill the course requirements. The person who audits a course is not permitted to obtain credit for the course except by taking the course later by regular enrollment and meeting all the requirements for credit. Students auditing classes must attend two-thirds of the class sessions before the course is entered on the transcript as a successful audit. Credit registration cannot be converted to audit status at any time, and audit registration cannot be changed to credit registration. Financial aid will not pay for courses completed by auditing.

Class Attendance

The student is allowed one unexcused absence for each credit hour of the individual course. The semester grade for that class will be lowered one letter for each unexcused absence over the allowable limit. Students must be especially careful concerning night classes which meet only once per week. For those classes, each class period is, in essence, three class periods (for a three-hour class). Therefore, the student is only allowed one unexcused absence. In the previous example, the second unexcused absence could lower his grade three letters.

Any student desiring to be excused from a previously-missed class must obtain that excuse from the instructor at the next attended class. The instructor may excuse or not excuse the absence or refer the matter to the academic dean.

Any student who is absent from more than 20% of the regularly-scheduled sessions of any class will not receive credit for that class. Time scheduled away from class in an official capacity of deputation may be exempted from this stipulation by a decision of the Administrative Committee. Students are required to be present for the required class final exam if at all possible. Exceptions are granted only by advance permission from the academic dean and the payment of the required fee.

Tardy Policy

A student is tardy whenever he is not in his seat when class roll is taken. Three tardies will constitute one absence. It is the student’s responsibility to notify the teacher immediately after class concerning the reason for the tardy. Consistent tardies to class or chapel are unacceptable. In most cases, this is considered to be a behavioral and self-discipline problem rather than an academic problem. In the case of such behavior, the student will be referred to the Student Development Committee for consultation and/or corrective action.

A student who misses more than twenty minutes of the class is considered absent rather than tardy. It should be noted that in the case of evening courses, it behooves the student to come to class as soon as possible since one meeting of the class is treated as more than one session.

Examinations

Students are expected to take examinations when they are scheduled and announced by the teacher. If a student taking a late test does not receive prior permission to take that test late, a one-letter grade penalty will be assessed to the grade earned. Emergency situations arising on the day of the examination will be taken into consideration by the instructor.

The final exam schedule for college classes is issued by the registrar.

Graduating college and high school seniors with a grade of “B” or above, may, at the discretion of the specific instructor, be excused from taking the final exam at the end of their last semester or term.

Repeat Courses

A student may repeat five courses or a maximum of seventeen semester hours of work in which he has “D” or “F” grades. Although the former grade will remain on the transcript, only the last grade will be used in determining the student’s GPA.

A student may take a class for credit which was earlier audited without its being counted in this seventeen-hour maximum.

Withdrawal

Students who desire to withdraw from a class must first secure the appropriate form from the registrar’s office and follow the procedure outlined by that form. Students may withdraw from a class prior to the second class meeting with no reflection of this on their permanent record. Students who withdraw from classes after the second class meeting but before the beginning of the tenth full week of the semester will receive a grade of “W” on their permanent record. After the beginning of the tenth week, the professor must assign a regular letter grade for the class. This does not apply to students who, because of an emergency, are required to drop all courses.

Those students who leave school without consulting the academic dean and the business manager and without filling out a “Withdrawal from College” form (available at the administrative offices) will be considered as currently enrolled and shall be regarded as absent until they have properly withdrawn from school. Until students are officially withdrawn from school, their current expenses shall continue to be charged.

Any student who has been dropped from all

of his individual courses because of absences without adequate excuses will be considered officially withdrawn from the school on the date he was dropped from his last course.

Adding Classes for Credit

Check the calendar for the last day to enroll for credit for a class. Exceptions must be approved by the appropriate division chairman in consultation with the course instructor.

Late Registration

All students are expected to be present and to complete registration within the time allotted for this purpose. A daily fee is charged students who enroll after the regular registration period. No registrations for regular classes are accepted after the stated deadline, except with permission of the academic dean.

Independent Study Policy

Students are allowed to take a total of nine hours of independent study in their college program. This privilege will be afforded mainly to seniors who are unable to pick up a particular class at its scheduled offering. It should be noted that the nature of some classes does not allow for independent study (e.g., Conducting). Students are also discouraged from taking independently the classes which are considered foundational to their programs. Independent study tuition paid by students who later elect to take the class as a regular on-campus class will not apply toward the tuition for the on-campus class.

The student must obtain permission from the academic dean to enroll in the independent study course, and then complete the independent study request form and obtain the necessary signatures.

As soon as the registrar notifies the cooperating professor that the student has enrolled and that necessary financial arrangements have been made, the professor can release the course materials to the student.

The student will be responsible for completing the class requirements within the two terms following enrollment for the course. For this purpose, the fall semester, spring semester, and the summer break will each be considered one term. At the end of the two terms, in most cases the grade that has been earned at that point will be given.

Transcripts

The office of the registrar handles all requests for transcripts. Official transcripts bear an embossed seal of the college, and the signature of the registrar. Unofficial transcripts are not signed and do not bear the seal. An official transcript with the college seal imprinted is normally not issued to a student or former student, but is sent directly to another institution, or to an official of an organization, at the student's request. Requests for transcripts must be made in writing and signed by the student.

A transcript cannot be issued to or for a student indebted to this college until payment has been made. One transcript is furnished each student without charge. Subsequent requests must be accompanied by the \$5.00 fee. The transcript will not be sent until the fee has been paid.

Academic Advisors

Each student is assigned to an academic advisor who teaches in the area in which the student plans to concentrate. The academic advisor gives the student counsel in choosing his courses and planning his college career.

Life Dynamics

College freshmen and all transferring students taking six or more daytime hours are required to take Life Dynamics, an introductory class. This two-hour class meets during the fall semester and will seek to acquaint the student with aspects of college life, as well as with the philosophy, policies, and procedures of KCCBS. The class will study topics such as note taking, study habits, test-taking skills, and

personal relationships. The student will be guided in developing a personal philosophy of life and ministry.

The Life Dynamics class will also cover topics designed to establish the foundational aspect of spiritual maturity in all areas of the student's experience. While spirituality is stressed and incorporated in every classroom and extracurricular activity at KCCBS, we feel the necessity of helping each student begin his/her academic and professional career with a heart for God. Thus, the spiritual formation class will help guide the student in the classical disciplines of the spiritual life (i.e., prayer, meditation, personal and corporate worship, etc.)

Field Education

(Student Ministry)

The Field Education program is designed to allow the religion major to acquire and fulfill "hands-on" experience related to his/her field of emphasis. Each religion major must complete four semesters of field education requirements. Three semesters must be served as an intern under the guidance/supervision of a dedicated pastor in a local church.

Field Education I and II are more general in scope, and provide the student with a background for subsequent work. Each semester of Field Education III, IV, V and VI is designed with a different level of requirements, allowing for a progressive development of practical training and experience. Students may not enroll for more than one Field Education credit at a time, except by special permission to take two credits concurrently during a summer.

The overall philosophy for the field education program is based on the age-old principle of learning by doing under supervision. "*And He chose twelve that they might be with Him and that He might send them forth (to preach)*" (Mark 3:14).

The goals of the program are as follows:

1. Goals for the field supervisor are to

Mentor
Disciple
Demonstrate

2. Goals for the student are to
- ◆ Practice, explore, and reflect upon the profession of ministry.
 - ◆ Discover personal identity in Christ as a Christian, in addition to identity as a Christian minister.
 - ◆ Capitalize on the opportunity to actually serve Christ and His Church while preparing academically for full-time Christian service.
 - ◆ Develop a pattern of thinking theologically about ministry and evaluating performance in order to constantly improve his/her service.

KCCBS “College Now” Program

The KCCBS “College Now” program is designed to provide high school seniors who are maintaining a grade point average of 3.0 or higher with the opportunity of taking advantage of the unique educational opportunities offered at KCCBS. The program offers these students the option of taking college level courses for both high school and college credit. The student may take no more than twelve credit hours within the academic year, except by permission.

Students who desire to participate in this program and who have maintained the required GPA for their most recent year of high school must fill out the College Now Program Application form and pay both the high school tuition and college registration, tuition, and fees. In addition, it will be the student’s responsibility to obtain the signature of the teacher of the college class being requested as well as the signatures of the high school principal and the academic dean. It will also be the responsibility of the student to apprise the business office that he or she is enrolling in the KCCBS “College Now” program at the time payment of tuition and fees is made.

Semester Honor Rolls

All students carrying twelve hours or more who maintain the following GPA’s will receive special recognition for their academic achieve-

ment as follows:

President’s Honor Roll	4.0
Dean’s Honor Roll	3.5
College Merit Honor Roll	3.0

No student with an “I” (incomplete) will be placed on the honor roll lists.

Residency Requirements

A minimum of thirty semester hours in residence (enrolled at KCCBS) with a minimum GPA of 2.0 must be completed before a student may graduate from KCCBS. Eight of these thirty semester hours must be in the field in which the student is majoring. Not more than six of the final thirty hours may be transferred from another school, and then only by petition.

Graduation with Honors

Eligibility for graduation with honors is based on both the cumulative grade point average (GPA) and the GPA for the last sixty hours.

Students receiving a bachelor’s degree from this college with a GPA of 3.70-3.79 will have conferred upon them the distinction of graduating *Cum Laude*. Students attaining a GPA of 3.80-3.89 will have conferred upon them the distinction of graduating *Magna Cum Laude*, and those with a GPA of 3.90 and above will be honored as graduating *Summa Cum Laude*.

Announcement of these honors will be made during the commencement exercises.

Graduation Clearance

Each candidate for a degree is responsible for meeting all requirements for graduation. The faculty advisor approves the courses designed to meet divisional and major program requirements. The office of the registrar reviews all other requirements, including semester-hour totals, residency, and GPA.

1. All degree requirements for specific programs as listed in this catalog must be met.

2. The student must maintain an overall GPA of 2.0 or higher.

3. The student must maintain a GPA of at least 2.5 in his or her major area. (Major area for this purpose is the Professional Field requirements plus the Major Emphasis core area, i.e., *Pastoral Emphasis*.)

4. Six semesters of DSM must be successfully completed by non-religion-major B.A. candidates (Education Practicum requirements fulfilled in a Christian elementary school will count toward the six required DSM requirements) and one or two semesters of DSM by most A.A. candidates.

5. All religion B.A. candidates must complete four semesters of Field Education, and two semesters of DSM.

6. All financial obligations must be satisfied in the business office.

7. Clearance must be given to each prospective graduate by the administrative offices, including the dean of students, the registrar, and the library.

8. Any “incompletes” in courses to be counted toward graduation requirements must be cleared by April 15.

9. Applications for degree candidacy will be evaluated by the faculty but will also be reviewed by the Board of Trustees.

Student of the Year

An outstanding college student is chosen as the Student of the Year and announced at the closing of school. This student, chosen by the college student body and college faculty, must have at least a 3.0 cumulative GPA; must be outstanding in achievements of offices held in classes, clubs, or athletics; must be outstanding in his Christian character as manifested in school and social life; must be taking a minimum of twelve college hours or enough to complete degree requirements; and must be enrolled for at least his second semester at KCCBS. No student

may be elected two years in a row, but may be re-elected after at least a one-year lapse.

Esther Adams Award

This award is presented to a ministerial student or missions major who meets the following criteria: The student must have completed a minimum of seventy-five hours prior to the semester in which he is chosen, must be carrying a minimum of twelve hours in the semester of nomination or enough to complete degree requirements, must have a cumulative GPA of 2.5 or above, and must indicate a comprehensive understanding and application of traits and abilities necessary for full-time Christian work. No student is eligible during his first semester of work at KCCBS. No student may be elected twice. The recipient of the Esther Adams Award is chosen by the college faculty.

Satisfactory Academic Progress

It is mandatory for all students to be making satisfactory academic progress while taking classes at KCCBS. The student is encouraged to consult his teacher and/or academic advisor at the earliest sign of difficulty. The faculty is committed to assisting students in being academically successful at KCCBS.

Criteria for Satisfactory Academic Progress

1. Students enrolled in six or more credit hours during any single enrollment period who withdraw from total enrollment, or fail to successfully complete any credit hours, will automatically be excluded from being eligible for continuing financial aid.

2. Students must successfully complete three-fourths of all credit hours attempted while in attendance at KCCBS — up to a maximum of 175 hours.

3. Students must attain a minimum cumulative grade point average (GPA) based on the number of credit hours completed, as follows:

<i>Successfully Completed Hours</i>	<i>Minimum Cumulative GPA</i>
1 - 12	1.5
13 - 24	1.6
25 - 36	1.7
37 - 48	1.8
49 - 60	1.9
61 - Up	2.0

- Students who have attempted more than 175 credit hours and have not completed the requirements for a degree or transfer program are no longer considered to be making satisfactory academic progress.

Courses in which a grade of “F” or “W” are recorded count toward the total hours attempted. However, of these grades, only the “F” is included in the computation of the cumulative grade point average. Likewise, if a student retakes a course for which he has received a failing grade, both attempts at the class count toward the total hours attempted, whereas, only the last grade is included when computing the GPA. Self-paced courses which are not completed by the end of the second term following enrollment will record a grade of “F” at the close of the second term. For this purpose, fall semester, spring semester, and summer break will each be considered one term.

Academic Probation

Students who are deficient in either percentage of hours completed or in cumulative grade point average will be placed on Academic Probation. Any student on Academic Probation will not be permitted to participate in any non-academic college activities and will be restricted to a twelve-credit-hour course load during the probationary period.

Any student who has been on Academic Probation for two semesters and has not successfully maintained the minimum cumulative grade point average will be declared scholastically ineligible and the permanent record will reflect this declaration. This student must withdraw from

KCCBS for one semester, after which the student may reapply for admission. The administrative committee will make the decision whether or not to readmit the student, and under what conditions.
